of the Act; and sensitization of the Medical Community, Police and Training of Judiciary. In addition, other activities undertaken are sensitization of the organizations working against sex selection, involvement of the medical professionals, religious/spiritual leaders to spread the message.

The Working Group on 'Development of Children' for the Eleventh Five Year Plan (2007-2012) has been constituted by the Planning Commission in April, 2006. The deliberations of the Working Group will serve as an input into the Steering Committee Report of the Planning Commission. The recommendations of the Steering Committee would from the basis for the programmes and schemes for the girl child of the Ministry of Women and Child Development in Eleventh Plan.

Integrated Child Development Scheme

1327. SHRI JANARDHANA POOJARY: Will the Minister of WOMEN AND CHILD DEVELOPMENT be pleased to state:

(a) the details of 'Integrated Child Development Scheme' (ICDS) with allocation made and spent, number of beneficiary children for the last three years, year-wise and State-wise;

(b) whether implementation of various welfare measures under the ICDS is not effective at the State level in the absence of proper monitoring system;

(c) if so, the details thereof;

(d) whether the level of malnutrition among the rural children has not declined despite claims of providing nutritious meal under the mid-day meal scheme; and

(e) if so, the measures proposed to be taken to ensure proper implementation of the ICDS, particularly the mid-day meal programme?

THE MINISTER OF STATE OF THE MINISTRY OF WOMEN AND CHILD DEVELOPMENT (SHRIMATI RENUKA CHOWDHURY): (a) Integrated Child Development Services (ICDS) Scheme was launched in 1975 in 33 Community Development Blocks. The Scheme was gradually expanded and today it covers 6118 blocks in the country including 4790 in rural areas, 805 in tribal areas and 523 in urban slums. The services provided

to children below six years and pregnant and lactating mothers include supplementary nutrition, immunization, referral services, health check-up, pre-school non-formal education and nutrition and health education. The funds released and expenditure reported by the States under ICDS Scheme and its supplementary nutrition component are given in Statements-I and Statement-II respectively (*See* below). Number of beneficiary, State-wise, of supplementary nutrition and Pre-school Education is given in the Statement-III and Statement-IV respectively (*See* below).

(b) and (c) ICDS is a Centrally Sponsored Scheme implemented through the State Governments/Union Territory (UT) Administrations. Government of India has prescribed the records and registers to be maintained at Anganwadi level; Progress Reports formats for Child Development Project Officer (CDPO) at block level; and consolidated reporting formats at State level to capture information on various important aspects of the Scheme. Various quantitative inputs captured through CDPO's Progress reports are compiled at the State level. No instance of absence of monitoring in a State/UT has come to the notice of the Government.

(d) Cooked Mid-Day Meal Programme (MDM) was launched *w.e.f.* September, 2004 for children studying at Primary stage in Government and Government assisted schools and Centres run under Education Guarantee Scheme and Alternative and Innovative Education (EGS & AIE). Under the Programme, mid-day meal of minimum 300 calories with 8-12 grams of protein was prescribed. No baseline information on nutritional status of such children is available with the Government.

(e) The steps taken in the recent past to increase the effectiveness of the delivery of services under the ICD Scheme include:

- Expansion of the Scheme from existing 5652 Projects and 7.54 lakh Anganwadi Centres to 6118 Projects and 9.46 lakh Anganwadi Centres.
- Doubling of financial norms for supplementary nutrition.
- Sharing of 50% cost of supplementary nutrition with the States.
- Constant emphasis on States to:

- Ensure regular supply of supplementary nutrition as per schematic norms;
- Ensure effective convergence of health nutrition, education and safe drinking water services under various programmes.

The MDM Scheme was revised in June, 2006 under which the nutritional norm of mid-day meal has been revised as follows:

Nutritional Content	Norms as per NP-NSPE, 2004	Revised Norms as per NP-NPSE, 2006
Calories	300	450
Protein	8-12	12
Micronutrients	Not prescribed	Adequate quantities of micronutrients like iron, folic acid, Vitamin-A etc.

Following monitoring mechanisms are available for proper implementation of the Mid-Day Meal Scheme:

(i) Quarterly Progress Report seeking information on imortant parameters of the scheme, such as number of children availaing mid-day meal, foodgrains lifted, funds utilized, availability of pucca kitchen-cum-store etc.

(ii) Food Corporation of India which supplies Fair Average Quality foodgrains also has established mechanism of Joint inspection of foodgrains with the State officials.

(iii) Steering-cum-Monitoring Committees cosntituted at State, District and Block level to supervise and monitor the MDM Programme.

(iv) 41 Social Science Institutions which are monitoring the SSA have also been entrusted the task of monitoring MDM Programme.

States have also been advised to undertake regular inspection, on an average 25% of the primary schools, every quarter.

Statement-I

State-wise position of funds released under ICDS Scheme (general), W.B. assisted ICDS Projects, Udisha during the year 2003-04, 2004-05 and 2005-06

(Rs. in lakh)
